Share a night of tales and songs with one of Australia's most iconic singer songwriters

One of Australia's favourite artists, John Butler returns to his roots to perform a series of solo concerts throughout the country in March and April. Aptly titled "*Tin Shed Tales*", the tour takes in capital cities and a host of regional areas; these shows will be a rare opportunity to hear the music of this iconic artist in a raw and intimate setting.

John will be bringing his Tin Shed along for the ride, decked out with a collection of personal art pieces, old skool skateboards and vintage guitars, these items are laid out in his shed at home where he draws inspiration for his art and songwriting.

The Tin Shed Tales tour will feature special guests Felicity Groom and Mama Kin, who will open and participate in the shows.

In December last year John decided to put on a surprise concert for his fans in Perth. The unplugged acoustic show was announced a day before the performance and with only 300 seats available it sold out in under seven minutes. He shared many anecdotes with the audience and performed songs from his vast catalogue spanning across all five albums.

Thus the "*Tin Shed Tales*" concept came to life.

Another amazing brand new show from the twisted mind of master ventriloquist David Strassman! Alternate realities? Parallel universes? Strassman's hilarious new show truly ventures down the rabbit hole! It's a mind-bending journey into a world where nothing is as it seems. Chuck and Ted E. Bare are back but a strange 'wish' transforms them into comical alternate selves. Be amazed while new puppet creations take over Strassman's mind. The road home may be scary for Strassman,... but hilarious for us!

And what have the critics said? At the Edinburgh Festival, The List said "Absolute genius. The writing is truly superb and the performance – or should that be performances? – breathtaking in linguistic and ventriloquistic dexterity. Takes the ancient art of ventriloquism up several notches."
